# ADMINISTRATION

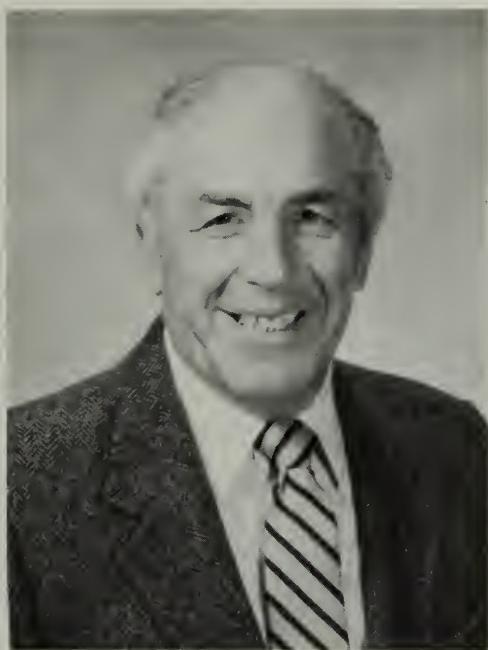

Let me extend to each of you congratulations on your achievement, self-reliance, and independence. I hope that the past four years at Southeastern have prepared you for a useful and satisfying life.

If you successfully commit your energies and talents to what is best for you and your community, then we all profit from your efforts. Best wishes to you and your family in the years ahead.

Sincerely,  
Paul K. O'Leary  
Superintendent

# GOODBYE and GOOD LUCK

The graduating Class of 1988 and I have something in common. We are both saying goodbye to Southeastern. For us Southeastern has meant something different because of who we are and what we are. To me, leaving means missing the students who have done so much for themselves and the school. Leaving Southeastern means missing a faculty and staff who have done so much to help us in efforts to succeed. Leaving Southeastern means missing all of you and the good things that you represent.

Like the Class of 1988 I will take fond memories with me as I too begin a new phase of my life. To the Class of 1988, Southeastern students, faculty, staff and friends - I thank you in my farewell for having had the opportunity to be a part of your life during my years at Southeastern.

Sincerely,  
Robert E. Kondracki  
Director
